

# Connecting to Canes Wi-Fi

## iOS (Apple) Mobile Devices

\*\*\*If your device has

# Connecting to Canes Wi-Fi

## Android & Chromebook Devices

|  |  |
|--|--|
|  |  |
| <b>STEP 1:</b> Select "Canes" from your list of available wireless networks. | <b>STEP 2:</b> Phase 1 should be set to 'PEAP' and Phase 2 is set to 'MSCHAPV2'. |
|  |  |

**STEP 3:** Under Server CA Certificate select "Do not validate" or "Do Not Check".

**\*\*\*If your device has been connected and you've changed your password, you will have to forget the network and re-enter your updated CanesNet credentials to re-connect.**

To forget the Network:

- 1) Go to Settings > Wi-Fi
- 2) Tap and hold on the network you want to forget; For Chromebooks, right-click on the "Canes" Network
- 3) Tap Forget network or Forget in the pop-up

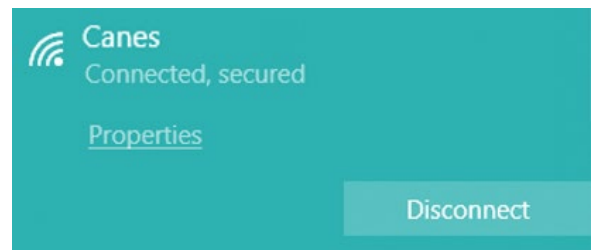

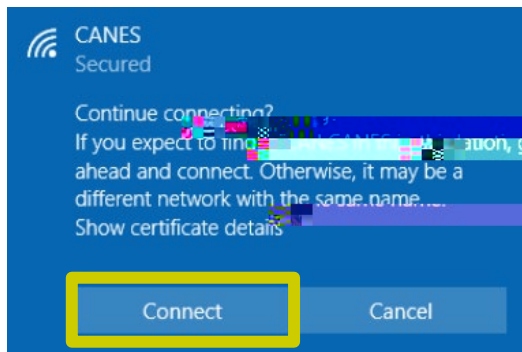

# Connecting to Canes Wi-Fi Windows Devices

**\*GSW does not support connecting Windows 7 or Windows 8 laptops to our networks.**

**STEP 1:** Select 'Canes' from your list of available wireless networks.

**STEP 2:** Enter your CanesNet credentials and click 'OK'.  
User name: CanesNet Username  
Password: CanesNet Password

**STEP 3:** You will see a message that you are connecting to a new network "Canes" for the first time. Click 'Connect'.

**END:** You are now connected to the new Canes wireless network.

**\*\*\*If your device has been connected and you've changed your password, you will have to forget the network and re-enter your updated CanesNet credentials to re-connect.**

To forget the Network:

- 1) Click or tap the Wi-Fi button from the bottom-right corner of the taskbar
- 2) Right-Click on the "Canes" Network and click "Forget"

# Connecting to Canes Wi-Fi

## Apple Computers/MacBooks

**STEP 1:** Select "Canes" from your list of available wireless networks.

**STEP 2:** Enter in your CanesNet credentials.

Username: CanesNet Username

Password: CanesNet Password

**STEP 3:** In the Verify Certificate screen, select "Continue" in the lower-right corner.

**END:** EntPrd

**\*\*\*If your device has been connected and you've changed your password, you will have to forget the network and re-enter your updated CanesNet credentials to re-connect.**

To forget the Network:

- 1) Go to System Preferences, then click Network. Select Wi-Fi in the list on the left
- 2) Click the Advanced button, and Select "Canes".
- 3) Click the remove button (-) beneath the list. You should no longer see Canes listed

# Connecting to GSW-Device Wi-Fi

## Gaming Devices, Smart TVs, FireStick, Etc.

- 1) Find your Wi-Fi/Wireless MAC address in the settings of the device you want to connect.
- 2) Use another device (cell phone/laptop/tablet), and connect it to **Canes** in your Wi-Fi options.
- 3) After you're connected to **Canes** on your cell phone/laptop/tablet, open a browser, and go to: `innW02-3id[( bo25-2 B`
